EVERY HOME
DESERVES
A TOUCH OF ELEGANCE

THE ESSENCE OF NATURAL STONE REDEFINED

MANSORY OSLO EDITION

The Mansory Oslo edition draws inspiration from the elements of nature, embodying a blend of softness and elegance, redefined with a fresh, contemporary twist.

The Oslo collection is unique and outstanding, meant to inspire rather than imitate existing designs. At its core is the natural beauty of ceramic, providing a creative space for new architectural surfaces. The collection effortlessly lends itself to versatile

combinations and pairing, striking a perfect balance between timeless aesthetic principles and the boldest trends in contemporary design. Here, the material and artisanal "imperfection" become defining features.

BLENDING SUBTLE & ARTISTIC APPROACHES

MANSORY DUNE EDITION

The Mansory Dune collections evokes the beauty of natural stone with a range of soothing colors effortlessly blending with any interior style.

Create a sense of tranquility and refined harmony with these pressed earth materials. Their soft, tactile texture enhances natural colors, adding warmth and simplicity to any design. The subtle pastel shades blend effortlessly with marble, wood, brick, and majolica, making them perfect for creating intimate, personalized spaces.

Qutone is leading the way in porcelain stoneware innovation with GHR surface technology. This advanced digital process delivers exceptional material depth, creating a three-dimensional effect that faithfully replicates the natural beauty of stone.
